## Chiltern Primary School Weekly Newsletter

Friday 22nd November 2024

Vol. 2 Issue 3

### Mrs Marshall's Messages:

We've had a wonderful past two days at school, filled with dressing up and learning about future career opportunities. The children were engaged and excited as they explored different jobs they might like to do.

A standout moment was our visit from Otilie, the British kayak champion, who spoke about staying calm, focused, and working hard. This inspiring talk encouraged the children to think about how to apply these skills in their own lives. Thank you for your generous fundraising efforts! Your contributions make a real impact on the Sports for Champions ambassadors.

Lastly, let's continue to promote respect through our White Ribbon promise, a value we should all uphold in our actions, the children have signed the pledge and had white ribbon biscuits today. We have been accredited with the White Ribbon award for another three years too.

Thank you for your support! If you have any questions, feel free to get in touch.

### Upcoming diary dates:

Monday 25th November Year 6 visit The Boulevard Academy in the afternoon

Wednesday 27th November F2 Read with me session 2:40pm

money raised goes to Dove House  
Hospice.

dovehouse  
hospice

caring for people with a life limiting illness

This week's talking task:

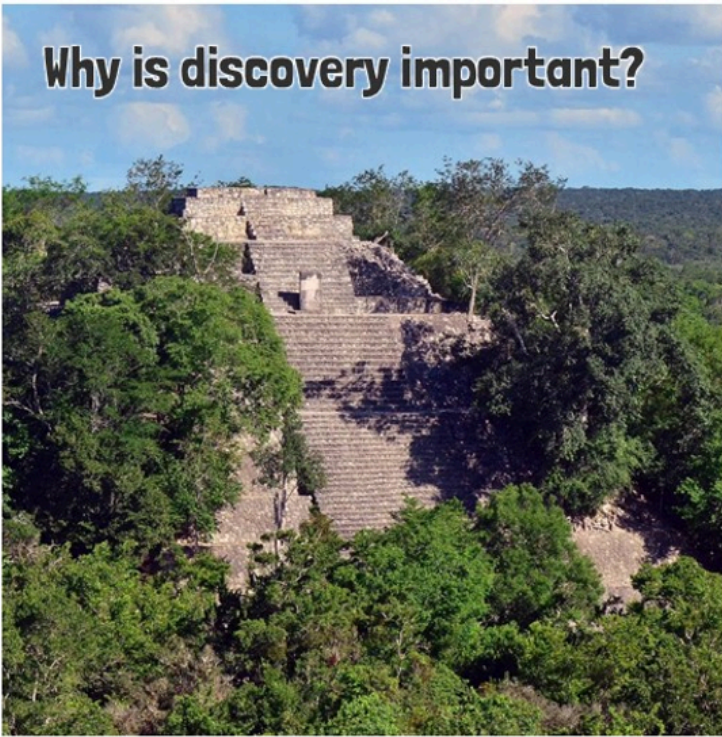

**TAKEHOME**

18th - 24th November

## Why is discovery important?

**British Values**

## Mutual Respect and Tolerance

Learning about the people, who lived in the past and live across the world today, can help us understand and celebrate how different we all are!

## Protected Characteristics

The culture of Maya people today has been shaped by the ancient Maya civilisation.

Nobody should be treated unfairly because of their ethnic group (people with a shared history and culture) or nationality.

# In the news this week

A discovery of more than 6,000 ancient Maya structures, including a city of pyramids, has been named Valeriana. Hidden by jungle canopy in the Mexican state of Campeche, the city was discovered by chance. A student at Tulane University, in the US, found the city with the help of Lidar, a light detection technology, that uses lasers to map landscapes.

## Things to talk about at home ...

- > Share what your definition of 'discovery' is with someone at home. Ask what their definition is.
- > Can you think of any big discoveries in the world made during your lifetime? Ask others at home whether they can recall any. Talk about the impact each had.
