## Chiltern Primary School Weekly Newsletter

Friday 17th January 2025

Vol. 3 Issue 2

### **Mrs Marshall's Messages:**

I would like to take a moment to share some updates and thank you for your ongoing support.

Firstly, I want to thank you for your focus on punctuality. It has been wonderful to see the children arriving at school on time, ready to start their lessons by 8.50am. This has made a significant difference in their readiness to learn and engage with the activities we have planned. Please continue to reinforce the importance of time keeping, as it plays a crucial role in their education. Today, we held a growth mindset assembly, where we discussed how making mistakes is a vital part of the learning process. Embracing mistakes helps us develop resilience, and we encouraged the children to view feedback as an opportunity for improvement. You might like to reinforce this message at home, perhaps by sharing examples where you or someone you know has learned from their mistakes

Thank you again for your support, it was lovely to see so many of you at parents evening this week.

This week's talking task:

**TAKEHOME**

13th - 19th January

**Should you be allowed to build homes anywhere?**

### Democracy

Decisions about building homes can affect everyone. We can make these decisions together by learning about others' opinions and ideas through surveys, meetings, or votes.

### Protected Characteristics

People of different ages have unique needs in a local area. Local areas should include something for everyone, regardless of their age, to make it a welcoming and fair place to live.

# In the news this week

UK Prime Minister, Sir Keir Starmer, has stated that building new homes is a 'top priority.' The government has announced changes to planning rules, aiming to make it easier to build homes in the countryside. Local areas have been set targets to deliver a total of 370,000 new homes each year in England.

### Things to talk about at home ...

- > What type of home do you live in? What are the advantages of where you live? Is there anything you find difficult about it?
- > Talk about the area around your home. What facilities are there?
- > Ask an adult whether they know of the nearest 'green belt' areas close to where you live.
