Mrs Marshall's Messages:

We would all like to say a huge well done to all of the Year 6 children who have worked extremely hard this week completing their SATs tests. They had a brilliant growth mindset and persevered, doing their very best. The Year 6 children and staff enjoyed ice lollies this afternoon in the sunshine.

In our assembly today we discussed diversity. Our cultural day is on Wednesday, next week. We look forward to seeing the children dressed up, if they would like to, as well as finding out more about each other's cultures, celebrating our diverse community at Chiltern. We have 34 different languages in our school and we enjoy finding out about each other's cultures.

Your child has learnt about this in class this week:

Mutual Respect and Tolerance

Every family or community has its own history, which can help to shape each individual member. When we understand and embrace this, we can treat everyone with empathy and respect.

Protected Characteristics

Our identity is made up of many things, including our culture, traditions and heritage. By listening openly, we can learn about things that make each one of us special and unique.

 Sex	 Sexual Orientation	 Age
 Disability	 Gender Reassignment	 Marriage and Civil Partnership
 Pregnancy and Maternity	 Race	 Religion or Belief

In the news this week

Cambridge University has returned four spears to the descendants of an indigenous community in Australia, who crafted them. The four aboriginal spears are all that remain of the forty or so that British explorer, James Cook, and his team took from the Gweagal people more than 250 years ago. On their arrival in Australia in 1770, they became the first known Europeans to reach the country's east coast.

Things to talk about at home ...

- > Share your response with someone at home to the news that the spears are being returned after 250 years. Do you both feel the same?
- > What belongings are important to you? Do you have any items from grandparents or other relatives that have special value to you?
